

# **ADVANCE NOTICE OF HERBICIDE TREATMENT**

**This notice is to be provided whenever a pesticide/herbicide, other than a bait or gel formulation, is to be applied at East Jordan High School. The information will be posted using the methods identified in the annual Advisory to Parents.**

Attention: Parents/Guardians of students attending East Jordan High School & Middle School:

This facility utilizes an Integrated Pest Management approach for pest control, employing non-chemical methods that include sanitation and exclusion to control pests. However, from time to time an herbicide application may be necessary to control weeds.

Please be advised that an herbicide is expected to be applied to control various weeds.

The areas to be treated are:

**Boswell Stadium turf (football field, walkway area to stadium, football practice field, spectator area)  
High School Auditorium entrance  
Middle School Grounds**

The anticipated date of treatment will be September 2, 2010.

If you have any questions pertaining to this treatment, please contact:

Brian Olszewski, Director of Business and Operations

Phone: 536-0053, ext. 5402

For additional information pertaining to pesticide/herbicide use, you can contact the Michigan Department of Agriculture(MDA). The MDA's website is [www.michigan.gov/mda](http://www.michigan.gov/mda) and it will list the telephone numbers and addresses of the MDA's regional offices. The regional office for northern Michigan is located in Traverse City and the telephone number is 231-922-5210
